

October is here, bringing cooler days and time to connect. As Thanksgiving approaches, we celebrate the kindness, friendship, and sense of community that make Clover Living special. This month, we invite everyone to embrace the spirit of a **Caring Buddy**.

Join us for our **Thanksgiving Celebration, Flu Vaccine Clinic (Oct. 16)**, and **Medical Aids Info Session (Oct. 23)**, where you'll discover helpful devices that can support safer, more independent living. Together, we make our community feel like home.

Spotlights

- Caring Buddies
- 2027 Rent Adjustment Notice
- New Residents Greet & Meet
- September Activities Highlight

CARING BUDDIES

A LITTLE KINDNESS GOES A LONG WAY.

A smile. A friendly hello. A helping hand.

Small acts of kindness can brighten someone's day and make our community stronger. This October, be a Caring Buddy and help make Clover Living feel even more like home.

2027 RENT ADJUSTMENT NOTICE

An official letter regarding the 2027 rent adjustment will be delivered to residents on October 1, with changes taking effect January 1, 2027.

We appreciate each resident who makes Clover Living such a welcoming and connected community.

Thank you for being an important part of our home.

MEET OUR NEW TEAM MEMBERS!

Food Service - Ming

Ming loves cooking and staying organized. She looks forward to meeting residents and becoming part of the Clover community. Say hello when you see her!

Front Desk - Anthony Lo

Anthony enjoys soccer and is a proud parent of two. He is excited to join Clover Living and looks forward to getting to know everyone.

Welcome, Anthony!

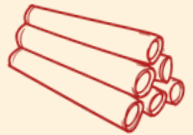

A trip down memory lane!

September 11 was a sweet success!

The Nostalgic Snack Market had residents lining up early for favorite treats from years past. The lobby was filled with laughter, stories, and plenty of "I remember these!"

Sometimes the best memories come in snack-sized packages. 🍬

Meet AI... with puppet

On September 18, traditional puppetry met modern technology in one unforgettable event. Residents laughed, learned, and discovered that AI doesn't have to be intimidating. With the help of some charming puppet guides, even complex ideas became easy to understand.

Proof that you're never too old to learn something new!
